

October 30, 2003

The Honorable Lois Capps  
United States House of Representatives  
1707 Longworth House Office Building  
Washington, D.C. 20515

**RE: SUPPORT H.R. 2115, Flight 100 - Century of Aviation FAA Reauthorization Act**

Dear Representative Capps:

On behalf of the City of Santa Barbara, I am writing to urge you to support H.R. 2115, Flight 100--the Century of Aviation Reauthorization bill. I also encourage you to urge your colleagues to pass this legislation as quickly as possible in order to prevent a lapse in funding for important aviation safety and security projects.

I have attached a summary of projects at Santa Barbara Municipal Airport that will be impacted by the delay in AIP funding that will result from failure to pass H.R. 2115.

As you know, the current authorization bill expired at the end of September. It is imperative that Congress pass H.R. 2115 - Flight 100 as quickly as possible. Funding for important safety, security and other aviation programs at Santa Barbara Municipal Airport and other airports around the country should not be delayed.

Thank you for assistance.

Sincerely,

Marty Blum  
Mayor
